The Advanced Disposal representative explained how tonnage was calculated and apologized for his company providing us with the incorrect tonnage number for 2015. Town Roads:

- Crack filling-After questions and discussion on crack filling and the large differences in pricing, there was a Tomaszewski/Wiese motion to accept the bid from Superior Sealed of \$21,716.80 providing they meet all specification and safety requirements. It was noted that there was a 10% buffer built into the contract. Wiese and Tomaszewski, ayes. Steigerwaldt, Nay, because of concerns about quality of work and quantity of materials per bid. Price being about half of other two bids. Motion carried.

- Red Arrow concerns: Supervisor Steigerwaldt first apologized to town resident, Tom Hendrickson, for losing his temper at him at a previous town meeting. He went on to say that there had been a miscommunication between the members of the board and town employees. He said he felt Red Arrow was ground up before the

board gave its final go ahead(See minutes from August 20, 2014 Special Board Meeting). Road superintendent disagreed. Suggestions were then made as to how the town could bring in more monies to allow it to do “badly needed repairs” on town roads. Chairman Wiese concluded by saying all town roads will be looked at during next year’s budget process, but he could not make any promises to anyone at this time.

-Fire calls: There were no new fire calls this month.

-Driveway permits: There were no new driveway permits issued this month.

Lund Driveway: Supervisor Tomaszewski reported that he had received another letter requesting information from Ms. Lund on May 18, 2016. There was a Tomaszewski/Wiese motion to put an assessment on her 2016 Property taxes in the amount of \$1339.22(if these charges were not paid in advance). It was noted that per legal recommendations, the amount listed only includes charges incurred with her driveway. It did not include any paperwork processing or postage charges. All ayes.
